REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Jennings et al is considered to be the closest prior art to applicant's invention. Jennings discloses an automatic concrete cutting saw having a horizontal conveyor which delivers successive concrete blocks beneath a set of cutting blades. While Jennings et al shows some of the features of Applicant's independent claims, neither Jennings et al nor the remaining art of record disclose or suggest the provision of a second conveyor arranged above the first conveyor to cooperate with the first conveyor to convey material to the blade, with both conveyors powered by the same conveyor motor to run at the same speed, nor a load responsive sensor attached to the blade motor to control the speed of the conveyors based upon the load.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Rose whose telephone number is (571) 272-4494. The examiner can normally be reached on Monday through Thursday, and on alternate Fridays, between 8:00-5:30.
